Dear Prospective Donor,

We'd like to thank you for your inquiry about our program. It is admirable that you would consider helping an infertile couple achieve their dream of becoming parents. We consider our egg donors to be very special people. They are a blessing to our recipients.

Our egg donors feel that the care they receive, during the donation process, is personal and professional. For your time and effort you will receive \$6,000 for each cycle that you donate your eggs (you may donate up to six times).

Due to the need for qualified egg donors, each time you refer a friend, and she is accepted in the program, you will receive \$500 for that referral. If you are interested in becoming an egg donor, please read through the following information, fill in the appropriate forms and mail them back to us.

For any questions, please contact Cynthia at (713) 512-7694 or via e-mail at [eggdonor@fshivf.com](mailto:eggdonor@fshivf.com).

***"Being an egg donor was a rewarding experience, it felt good to be able to help a couple have a child."*** Donor

***"I thought giving myself a shot every day would be difficult, but the entire experience was not as bad as I expected. Knowing that the recipient couple would be able to have a baby made it worth the small inconvenience that I went through."*** Donor

***"I can't thank my donor enough for the "gift" that she gave to us. Our son is the joy of our life; I can't imagine life without him. He would not be here without her. We are forever grateful."***  
Recipient

***"How do you thank someone for the gift of life, our lives are now complete with our twins, our donor is an angel. Our dreams have come true."*** Recipient
